

TRACTION - DIFFERENTIALS

Eaton Detroit Locker™

www.harrop.com.au

DELIVER 100% OF AVAILABLE TORQUE TO BOTH WHEELS

- 100% Automatic Locking
- Wheel Speed Sensitive
- Available for C-Clip style axles
- On Road & Off Road Applications
- Maintenance Free

The legendary Detroit Locker began the revolution in performance differentials and still leads the industry today as an Eaton brand. The Detroit Locker maximizes traction by delivering 100% of the available torque to both drive wheels.

It is engineered to keep both wheels in a constant drive mode, and has the ability to automatically allow wheel speed differentiation when required. Applications are also available for C-Clip style axles.

No other performance differential has the reputation for delivering traction in mud, snow, rocks and on the track. The choice of professional racers and off-road enthusiasts around the world! The durability of the Detroit Locker is unmatched!
